
Child Labor and Corporate Social Responsibility: A Global Perspective

Omid Nodoushani, Southern Connecticut State University

EXECUTIVE SUMMARY

I will be discussing child labor and different kinds of child labors. I also will briefly discuss the causes of child labor, followed by a discussion of an international organization that fights against child labor. Then I will move on to International law and US laws that provide protection against forced labor for young adults, the role of American corporations and consumer responsibility.

Keywords: Strategy, Child labor, Corporate social responsibility, Global corporations.
