To Whom It May Concern,

It is with great pleasure that I write a letter in support of Gabriella Scholl. I've taught Gabriella at Indiana University of Pennsylvania in various Communications Media courses and found her to be a consistently positive student.

In class, she was creative and attentive to the course goals. My classes have utilized a PC & MAC environment, the Adobe Suite, and various cameras. The work presented during critique showed consistent growth. Outside of class, Gabriella has been the Student Film Association president.

I give Gabriella my full recommendation, and am available by phone or email for any questions.

Please reach out any time.

Sincerely,
